## Grain Bin Bar

Thank you to Tom Martin & his crew for building our new grain bin bar that will be across from the General Store. We can't wait to see it all complete!

A big thank you to Cindy Reihle, who has served as the children's activities coordinator for the show. Cindy is stepping down from the position and we are looking for someone to fill this role. Do you enjoy working with kids and want to get more involved with the show? Contact Janice Soczka • 715-352-2786

The log cabin has been carefully taken down, and we're excited to begin the rebuilding process! This restoration is part of our commitment to preserving the rural, agricultural, forestry, and homesteading heritage that our show was founded on. Visit the sawmill during our 52nd Annual Show to watch lumber being sawn for the new cabin! We aim to complete this project within the next few years – keeping the past alive for future generations!

## Message from the President

Hello Fellow Steam Club Members,

This summer sure seems to be moving along quickly, here we are, middle of July, the show is only about a month away! Your board of directors are anticipating a very good turn out of all things Farmall/International Harvester, along with Wisconsin Chapter #4 International Harvester Collectors Club. There are several items to be attended to prior to the show, contact building and grounds director Tom Martin to find out where help is needed before the show, also don't forget to sign up for one or more volunteer areas to work during the show. See you in August!

-- Greg
