- Steamers, Shuttles, Blacksmith shop

Justin Martin– 715-715-573-9244

- School & show office, banquet, Barn & Band

**Wednesday Workdays**

*Our club owns the Steam show grounds and as anyone who owns property knows, there is always something to do! One way we maintain our grounds is Wednesday workdays. If you are interested in helping out, contact Tom Martin @ 715-574-1020.*

Does teaching others about life in the one room schoolhouse sound fun to you? Are you looking for a way be more involved and share your knowledge of the past with others? Then why not volunteer to be a teacher during the show! We are looking for people to take a shift or two in the schoolhouse, or for someone to coordinate others for the job. Give Janice Soczka a call at 715-352-2786 to talk about this fun show weekend opportunity!

A big thank you to Cindy Reihle, who has served as the children's activities coordinator for the show. Cindy is stepping down from the position and we are looking for someone to fill this role. Do you enjoy working with kids and want to get more involved with the show? Contact Janice Soczka @ 715-352-2786

## From the President

Hello fellow Steam Club members! As I write this we are halfway through February. Your board has been busy working on a new event for 2025; our 1st Annual Outdoor Power Show. This event will highlight items of interest to current Steam Show goers. By having various vendors show and demonstrate numerous pieces of equipment, such as lawn care, landscaping, light construction, and small farm/hobby farm, we hopefully will appeal to people who have never been to our show grounds. Pass the word to any vendors/dealers you know who may be interested in having a site at the Outdoor Power Show. Kudos to director Chad Kayhart for taking the ball and running with it! Let's all join in and support Chad and the club with this event. Volunteers will be needed for things such as getting spaces marked out before the event, concessions, and readying the grounds, along with other things that will pertain to the club putting on an event.

The board is also looking forward to our 52<sup>nd</sup> show. This year we are featuring International Harvester and related lines. Polish up your favorite McCormick/Farmall, I-H truck, Appliances, etc to put on display. I have ordered sunny dry weather for both events, hopefully the order went in early enough. Greg

## Membership updates

Welcome to 2025! As we start this new year we are working hard to put the pieces in place for 2 successful shows on our grounds. Yes, 2! In addition to our annual steam show, this year the club will be hosting our 1<sup>st</sup> Annual Outdoor Power Sports show. A huge thank you to Chad Kayhart and all those who are working hard to realize the vision of utilizing our grounds for multiple events. It is the hope of the board that by offering multiple opportunities throughout the year for people to see our grounds, they will spread the word and bring their friends to the Steam Show. We need guests to educate about our rural heritage and to fund our mission and we continue to find ways to reach them.

**OUTDOOR POWER SHOW:** The Outdoor Power Show will be held May 16<sup>th</sup> & 17<sup>th</sup>. There will be a small fee for vendors to set up at the show and this first year there will not be an admission fee. No carry-ins will be allowed, and the club will be handling concessions. There will be an area for test driving and operations as well as observation of equipment use. On Saturday there will be a Chainsaw Competition. If you can help in any way, please contact Chad @ 715-223-5263 or reach out to a board member. We are excited to see a good turnout from club members and other guests!

**52<sup>ND</sup> ANNUAL STEAM SHOW:** The 2025 Show features are Fredrick Borchardt's F14 Farmall and Jodi Baseman's International Cub Lo Boy. It is not too early to think about what you will be bringing to the show this year.

**NEW!** We are expanding our social media presence! Find us @edgarsteamshow on Instagram and YouTube. Of course, we're still on Facebook. Check out these platforms over the next few months as we add content and don't forget to share with your friends. Do you have ideas about what to add? Contact Cheryl Kunze @ 715-937-5455 or email the social media team at edgarsteamshowsocialmedia@gmail.com.

*The next membership meeting is Sunday, March 16<sup>th</sup> @ 1:00 in the Youth Building.*
