

# NORTH CENTRAL WISCONSIN ANTIQUe STEAM & GAS ENGINE CLUB, INC.

## OCTOBER 2021

### 2021 Show Update

Rain, Rain & more Rain! As you may know-- we had more rain than we needed for this year's show! Despite all the challenges this presented--there were many, many guests who embraced the challenge, came out for our show and had a great time!

Big thank you's go out to many, many club & team members! In addition to all the hard work that goes into every show, there were many unique issues in dealing with the alternate parking & busing, grounds & water drainage, tractor assistance for campers & vendor trailers, and we go on and on!

*EVERYONE DID A FABULOUS JOB!! Thank you!!*

There were many, many positive comments about our show this year despite the condition of our grounds. We appreciate everyone's understanding!

### Grand Opening for our Barn

Friday evening we were proud to celebrate the grand opening of our Polka Barn! We were honored to have Mollie B and Squeezebox here to celebrate with us! Thanks to all involved with this event and to those involved with the music sponsorships. Good time had by all!

Music sponsorships were new this year--and your hard work really helped in covering music expenses this year. Thanks to Steve & Janice Soczka for heading up the music sponsorship team! Awesome job!

Again-- we want to thank all who worked so hard to restore our beautiful Barn! It is truly a wonderful place to celebrate!

### Steam School 2021

We are honored to again host the 2021 Steam School for the

Wisconsin Historical Steam Engine Association! The program for 2021 is completely booked for this year! Dates for the Steam School are Sept. 24-26th.

We welcome the students and teachers, and we're proud that our Club was again selected to

host this event! Help us welcome them!

## Support Your Steam Club!

With the Holidays just around the corner, please don't forget to consider several options for designating support dollars thru your holiday shopping or retirement investments.

You earn donation dollars thru both of these businesses, and you can direct your donation dollars to support our Club.

### Amazon Smile

Please verify you have selected the North Central Wisconsin Antique Steam & Gas Engine Club, Inc. as your benefactor Smile Organization.

### Thrivent Financial

With the end of the year approaching, please visit the Thrivent website to direct your Choice Dollars as donations to the North Central Wisconsin Antique Steam & Gas Engine Club, Inc.

## Winter Work Projects

Even though our Show has come and gone--the work list is never ending! Please see the listing info here below: below for possible work projects and contacts:

Mike Huebsch 715-680-1572 Oliver Combine needs

Denny Bergs 715-573-7784 repairs & upgrades

Steve Soczka 715-574-7724 Playground equip.

And more....

## Membership Guideline Changes

There has been a lot of discussion about updating and enforcing membership expectations. After our show, we now have 780+ club members. How many are active, working club members? In 2022, we will focus on YOUR contribution of time, talent or treasure.

The Board will be discussing options for those members who are presently not helping out. (*This excludes the disabled or frail elderly*). Membership will be updated at the Spring Mtg in March as well as the February 1st Newsletter which is only available online.

## Club info and updates:

You will find newsletter & Facebook links on club website homepage: [www.edgarsteamshow.com](http://www.edgarsteamshow.com)

Facebook: You can find the Facebook link on the same homepage--located at the top on the right--click on the "f".

This will take you to Facebook--you do NOT need a Facebook account for access. (Just click "not now" to close the popup)

\*\*Call Cheryl if you have info to share or questions. (Cheryl's Ph# on front page) Thank you!
