53rd Annual Show is August 28-30, 2026

Message from the President

Hello Fellow Steamclub Members,

Time is flying by, we are most of the way through July which means show time is near! The new museum/exhibition building is coming along, the contractor tells me it should be ready for our show this year. The John Deere guys have been telling myself and Tom Martin they will fill the new building with John Deere related items and the show grounds. We shall see. There will still be room for our regular features, Steamers, Prairie Tractors, etc. I recently checked the volunteer sign ups, there are numerous time slots to be filled, you do not have to be a club member to volunteer. If any questions on the various tasks on the sign ups, reach out to the director or committee heads, or I can steer you in the right direction. Here's to comfortable temperatures and dry weather for our show. See you then!

Greg Saenborski, President
